

12 REASONS TO BOOK SYLVIE

THE MOST TRUSTED KEYNOTE SPEAKER ABOUT FIRST IMPRESSIONS. AND EVERYTHING BEYOND.

#1

I have been “one of you” for nearly twenty years. I understand the corporate world and the world of speaking like few other speakers in this industry.

#2

I have already reached thousands of participants worldwide and planted the seed of first impressions for themselves and their organizations.

#3

I connect with a wide range of audiences of varying cultures and ages because I have the ability to address everyone from the doorman to the CEO.

#4

I create a memorable experience in a fun, informative way. I “do” the unexpected, and your audience will remember the lessons I share.

#5

I do not use canned presentations because each industry, company, and audience has its own challenges and needs a different approach.

#6

I amaze my clients. I deliver a level of excellence that they could not imagine was possible. Good is never good enough for me.

#7

I am an executive image consultant, but I am not a wardrobe consultant or fashion stylist. Don’t expect me to drape color capes or call out body shapes.

#8

I don’t lecture. If you’re looking for a speaker who’ll stand behind a podium and drone on about theories, you’re checking out the wrong partner for your event.

#9

I am easy to work with. I’m not the kind of speaker who has special requests. Instead, I focus on making your stressful job as easy as possible.

#10

I’m all yours for the entire day, and I’m happy to be involved in additional engagements such as photo ops, book signings, VIP lunches or dinners, etc.

#11

I am a certified speaking professional (CSP)—a designation awarded by the National Speakers Association to less than 12% of speakers worldwide.

#12

I truly love what I do, and I feel very privileged that you are considering me as the speaker for your upcoming event.

#13

Optional: I’m happy to take you up the stairs. Yes, literally. Join me in climbing the highest buildings in the world. If I can do it, you can too!
