

THE POWER OF CHOICE

VOICE OF GOD — RECOMMENDED ANNOUNCEMENT

Welcome to this conference! We are so glad you are here!

In just a moment, we will embark on an unparalleled adventure through the mind, from the depths of the unconscious to the heights of the conscious, all under the expert guidance of Sylvie di Giusto [Dee-Juice-Toh], today's keynote speaker.

As we prepare to dive into this unique experience, we kindly remind you that the doors will close promptly to ensure the magic that awaits you is uninterrupted.

This presentation is designed to be a journey—a journey that requires us to darken the room. So, please take a moment to familiarize yourself with the exit signs located throughout the room. Safety is our highest priority, and in case of an emergency, we want you to feel secure and know how to leave the room quickly and safely.

Be advised that the upcoming presentation will include the use of sound effects, flashing lights, and laser-like animations. We understand that sensitivity varies from person to person. So please, if you are uncomfortable at any time, feel no obligation to stay. Your well-being is our primary concern.

However, for those of you eager to dive into the depths of your mind and explore the magic that is "The Power of Choice," we promise you that you will be in for a treat—unlike any other.

In fact, we encourage you to capture this moment with your phones. Take pictures, record videos, and share this unique experience with your friends online. However, while doing so, we kindly ask that you avoid flash photography to preserve the quality of the presentation.

Curious about what is about to unfold? You should be!

Sylvie is about to take you on a journey that might very well be something you've never seen before.

Get ready. Stay curious. Enjoy the presentation. And allow yourself to be swept away by the magic that awaits you.

The journey is soon about to begin.
