

THE POWER OF CHOICE – PRODUCTION TEAM

TECH CHECK

BEFORE JUSTIN'S & SYLVIE'S ARRIVAL

- ☐ Download VOG package and import files into your media management software. <https://sylviedigiusto.com/client-briefing>
- ☐ Set up a countryman/headset for Sylvie (alternatively, lavalier).
- ☐ Access Sylvie's Prompt Script at www.easyprompter.com *User: hello@sylviedigiusto.com | PW: PowerOfChoice*
- ☐ Remove all items (plants, podiums, etc.) from the stage.
- ☐ Lower the truss to allow for quick and proper installation of the 3D projection net.
- ☐ Prepare industrial steamer(s) to eliminate wrinkles on the 3D projection net.

JUSTIN'S ARRIVAL:

- ☐ Securely install the 3D projection net and ensure correct positioning.
- ☐ Steam the net to eliminate wrinkles using industrial steamer(s).
- ☐ Set up lights correctly to illuminate Sylvie.
- ☐ Position projector and size animations based on first avatar.
- ☐ Position confidence monitors, dim them, and load prompt script.
- ☐ Mark stage with tape (center and edges).
- ☐ Check optimal view for audience members and coordinate blocking or removing impacted tables.
- ☐ Prepare videographer and photographer for dark environment.

SYLVIE'S ARRIVAL:

- ☐ Coordinate with Sylvie's tech liaison for any last-minute adjustments or requirements
- ☐ Conduct a full run-through of the presentation with Sylvie, including all media and lighting cues

LIVE SHOW

-15:00 min.

- ☐ Adjust room lights (dark, atmospheric lighting)
- ☐ Play recommended preshow music (mystical, dramatic, or energetic) *VOG package*
- ☐ Open Doors

-10:00/-5:00/-3:00 min.

- ☐ Countdown/Get ready announcements (House mic)

-0:00 min.

- ☐ Stop atmospheric lighting and preshow music
- ☐ Play VOG Video (on IMAG, not 3D projection net) *VOG package*
- ☐ Sylvie will manually advance for first animation and start show
